Mr. John Walch
Inactive Hazardous Sites Branch
North Carolina Department of Environment and Natural Resources
1646 Mail Service Center
Raleigh, North Carolina 27699-1646

Subject: **Statement of Attainment of Cleanup Levels
Pine-Tar Rosin Site Near Veterans Park
Fayetteville, North Carolina**

Dear Mr. Walch:

On behalf of the City of Fayetteville, Dunklee & Dunham submits the attached Statement of Attainment of Cleanup Levels for the site near the North Carolina Veterans Park and a check for \$500. We recently conducted a groundwater assessment at the site and provided the report to Dave Brown in the Fayetteville Regional Office of NCDENR. He requested we send the attached statement and check to you.

Please contact me if you have any questions. Thank you for your attention.

Sincerely,

Dunklee & Dunham, P.C.

Richard A. Kolb, L.G.
Senior Geologist

**Statement of Attainment of Cleanup Levels
Inactive Hazardous Sites Program**

Site Name: Fayetteville Veterans Park Pine Tar Site

City: Fayetteville

Street Address: Vacant lot adjacent to 300 Bragg Boulevard (no street no.)

County: Cumberland

Site Inactive Hazardous Sites ID#: NONCD0002900

For purposes of this certification, the "site" is defined as the above-identified property and any additional area which has become contaminated as a result of hazardous substances or other non-petroleum, non-biological contaminants released at the property.

For purposes of this certification, "known and suspected areas of concern" only include those areas where some evidence of a disposal or spill has occurred such as soil staining, or other visual evidence of spillage, reported spills, known tank leaks, and other similar such data.

For purposes of this certification, "known and suspected contaminants" shall include all contaminants known to have been spilled, disposed, or otherwise discharged in a known or suspected area of concern and any degradation products of those contaminants. Where information is limited on the specific compounds discharged, laboratory analytical methods must at a minimum include GC/MS analysis for volatile and semi-volatile organic compounds, and analysis for hazardous substance list metals.

I, David L. Duncklee (environmental consultant), state and affirm:

I have reviewed all the available environmental records for the above-identified site and render this statement based on that review. This certification is based on a records review and is not a certification of the accuracy of the facts asserted in documents prepared by others. I have found the sampling and analytical methods to be consistent with the nature and type of contamination known or suspected to be present at the site. All suspect areas and known and suspected contaminants have been adequately investigated based on available documentation. This certification does not rely on any information I have found to be in error.

All contaminated groundwater, soil, surface water, and sediment at the site has been treated or removed so that no known hazardous substances or non-petroleum, non-biological contamination remains in excess of the current Inactive Hazardous Sites Branch (1) protection of groundwater criteria for soils, (2) direct contact remediation goals for soils for unrestricted use, and (3) remediation goals for groundwater, surface water and sediment (reference Inactive Hazardous Sites Program Guidelines for Assessment and Cleanup for remediation goals).

Owner and Environmental Consultant for Owner Certification:

After first being duly sworn or affirmed, we [the owner and the owner's designated environmental consultant] each separately state that: I am over the age of eighteen, I am competent to make this certification based on my own knowledge and belief, and to the best of my knowledge and belief, after thorough investigation, the information contained herein is true and accurate.

Owner Signature: R. W. Thompson

Name of Signatory and Title: R. W. Thompson, Engineering + Infrastructure Director

Company: CITY OF FAYETTEVILLE

Date: 9/30/13

STATE OF NORTH CAROLINA

COUNTY OF Cumberland

I, Michelle J. Foye, a Notary Public, do hereby certify that R. W. Thompson personally appeared before me this day, produced proper identification in the form of NC Drivers License, was duly sworn or affirmed, and declared that he or she is either the owner of the property referenced above or is a duly authorized agent of said owner and that, to the best of his or her knowledge and belief, after thorough investigation, the information contained in the above certification is true and accurate, and he or she then signed this Certification in my presence.

WITNESS my hand and official seal this 30th day of Sept, 2013

Michelle J. Foye

Notary Public
